

Social Activities

Throughout the year 2005, the Company has been engaging in activities contributing to society and participating in the development of Thai society by way of sponsorship to various activities as follows:

1. Charitable Activities

The Company provided relief for victims, e.g., making financial donation to the "Nam Jai Thai Fund for Teachers Affected by the Southern Unrest", whereby the Royal Thai Army in cooperation with the Ministry of Education hosted such activity so as to comply with the intention of Her Majesty the Queen who is greatly worried about teachers and people affected by the Southern unrest. Furthermore, the Company also made financial donation through the Department of Industrial Works as relief for flood victims in the northern provinces of Thailand, etc.

2. Energy Saving Campaign

The Company, in cooperation with the Energy Policy and Planning Office (EPPO), distributed "Less Car Use, Less Fuels Consumption" Handbook to Udon Rattthaya Expressway users at Bang Pa-in Toll Plaza during the Songkran Festival, so as to campaign and publicize simple energy saving guidelines. Moreover, the Company jointly distributed books named "Know and Rich" published by the Stock Exchange of Thailand, to expressway users, containing content relating to guidelines for various methods for energy saving which would be helpful to the general people.

3. Educational Sponsorships

- Educational Scholarships

The Company awarded scholarships supporting the 100 year educational fund to Nakhonsawan School for students in need, and also granted funds for development of the quality of learning and teaching for schools in Rayong Province. Furthermore, the Company also sponsored students and undergraduates to carry out a variety of useful activities, e.g., Mangrove Forest Planting Project of undergraduates of the Faculty of Psychology, Chulalongkorn University, provision of fertilizer for plantation in the "Agriculture for Lunch" Project of Khlongsong School, Chumphon Province, so as to encourage youth to use agricultural produces in the school for lunch, throughout the academic year.

- Grant of Educational Equipment

The Company has been focusing on and providing support in terms of instructional equipment, to encourage youth to have more knowledge and understanding in a wide variety of areas of education, by way of granting Synchronous Digital Hierarchy (SDH) equipment for use as educational media in respect of the operation of network system connection design to undergraduates of the Faculty of Information Science and Technology, Mahanakorn University of Technology. Moreover, the Company also granted computers to several provincial schools in need, e.g., Ban Hua Wiang Nuea School, Nan Province, Ban Putakien School, Ratchaburi Province, and Ban Khlongsong School, Chumphon Province, etc.

4. "Thai Property Safeguard Project"

The Company sponsored the "Thai Property Safeguard Project" through JorSor. 100 Radio Station, for helping motorists whose cars were stolen. In this regard, the Company coordinated with the relevant organizations to prevent cars from being stolen and sold at the border. It is the seventh year that the Company has been sponsoring this Project.
